* Not offered on the portal's HO3 quote. Record these requests in the agent notes and refer them to underwriting; they are not part of the portal premium.

AGENT NOTES / STUDENT TASKS

Task	Instructions
Task	Quote an HO-3 for a client being non-renewed. Enter the 2022 water loss (1 claim in the past 5 years). Spot the risk flags: 22-year-old roof, galvanized plumbing, wood stove, pool, protection class 4, and the prior non-renewal. The pool is fenced, so it does not make the home ineligible. The customer wants a home + auto bundle: mark Auto as a cross-sell product. There is no mortgage, so billing is monthly EFT. Note the trust as additional insured and the endorsements marked * for underwriting, record the Total Homeowners Premium, then explain how a roof replacement would change the premium.
